

*Letter from the Treasurer of the Eastern Shore to George Mackubin, Treasurer of the Western Shore.*

Eastern Shore Treasury, }  
Easton, January 26th 1835. }

GEORGE MACKUBIN, Esq.  
*Treasurer W. S. Md.*

DEAR SIR,

In compliance with your letter of the 20th, covering an order of the House of Delegates of the 13th inst. and requesting me to give you the information it calls for, I have to state that the account raised on the books of this Office by William Richardson, Esq. former Treasurer, against the Nanticoke Bridge Company, is confined exclusively to dividends charged to, and received from said company. It does not shew the amount of stock subscribed for, nor does it exhibit any disbursements made on account of stock in the Nanticoke Bridge Company. But on reference to the cash account, it appears that the following payments were made to the President and Directors of Nanticoke Bridge, that is to say:

On the 17th June 1819 the sum of	333 33½
“ 15th Dec. “ “	854 11
“ 2d May 1830 “	2,145 89
“ 4th Sept. “ “	1,000 00

Amounting to the sum of \$4,332 33½

The particular object of these payments is not set forth; but I presume, they were made on account of stock which must have been subscribed for the State, by the former Treasurer, in the Nanticoke Bridge, in virtue of the supplement to the act of incorporation, passed at December session, eighteen hundred and eighteen.

If this stock was subscribed for, as I infer it was, the books of this office impart no information shewing that it, or any part thereof, has been disposed of. Having given you all the information I can, at present collect on the subject of the stock, I will now furnish
